

## **Devon Ave. SSA #43 Public Way Security Camera Program Request for Proposals (RFP)**

**10/18/18**

**Proposals are due by 5:00pm Friday, November 9, 2018 via email to [ssa43@rpba.org](mailto:ssa43@rpba.org).**

### **Devon Avenue Special Service Area (SSA) #43**

The Rogers Park Business Alliance (RPBA), sole service provider for the Devon Avenue Special Service Area SSA #43 (Devon SSA), is seeking proposals for security cameras for the Devon SSA district. The goal of the camera initiative is to cover gaps in video surveillance within Devon SSA and to provide an additional resource for the Chicago Police Department (CPD) to identify and detain suspected perpetrators in the district.

### **Camera Locations and Installation**

Exhibit A "Devon SSA Security Camera Map & List" identifies locations for installing security cameras on buildings. Locations are listed in order of priority. The selected vendor will assess locations and recommend location adjustments for better coverage and/or to save money while not compromising coverage. The vendor will assist in getting business owner approval to use their electric, WIFI and secure an area to store the equipment in their store.

Exhibit B "Devon SSA Preferred Camera Installation Example" Exhibit B "Devon SSA Preferred Camera Installation Example" provides a guideline of where the camera should be located and the height at which it should be installed. The vendor will coordinate consent and installation with the building property owners using Exhibit C "Property Owner Authorization Form".

The selected vendor can ask if tenants would like interior cameras within the property where they are installing exterior cameras. If so, the selected vendor will contract with and bill the tenant separately for interior cameras.

The selected vendor should provide access to video through Luma or equivalent application.

## **Camera Specifications**

The selected vendor will use the camera specifications used by the City of Chicago's Office of Emergency Management (OEMC) *Private Sector Camera Initiative*— see Exhibit C for details. Cameras will be installed approximately twelve (12) feet from the ground in order to capture clear images of license plates and people.

## **Start and Completion Dates**

The cameras are to be installed within eight (8) weeks of the notification to proceed as the selected vendor for this project.

## **RFP Proposal Questions & Submission**

Questions may be submitted **by 5:00pm Wednesday, November 7, 2018** to Gina Caruso, Devon SSA Program Manager at [ssa43@rpba.org](mailto:ssa43@rpba.org) or call 773-372-0391.

**Proposals are due by 5:00pm Friday, November 9, 2018 via email to [ssa43@rpba.org](mailto:ssa43@rpba.org).**

# Exhibit C: Devon SSA Public Way Security Camera Property Owner Authorization Form

I \_\_\_\_\_ (“Property Owner”) certify that I, owner of \_\_\_\_\_ located at \_\_\_\_\_ (“Premises”) \_\_ give the Rogers Park Business Alliance and its vendor, \_\_\_\_\_ (“Vendor”) authority to install public way camera(s) on the Premises and authorize amendments that may be required by the Devon SSA Public Way Security Camera Program. I acknowledge the Vendor will need to use electric, WIFI and equipment storage space in my tenant’s space. I further acknowledge that the Devon SSA and/or Rogers Park Business Alliance assume no liability in the event of any dispute between the Owner and Applicant concerning any building improvement work undertaken by the tenant as a result of the tenant’s participation in the Devon SSA Public Way Security Camera Program.

The Owner understands that the Devon SSA may change the requirements of the Program at any time.
