About
Rogers Park Business Alliance (RPBA) has been the service provider for the Howard Street Special Service Area (SSA) #19 since 1997. Together, they cultivate and sustain a thriving economic environment in Rogers Park through a variety of services, including Live Love Shop holiday rebate program, events like Chalk Howard, business marketing and facade grants, public art initiatives and landscaping, litter and snow removal. Based on City of Chicago requirements, the time has come to renew SSA #19 so it can continue operating. We are seeking your input as part of this process!

Next Steps
RPBA would like to hear from all local businesses, property owners, and organizations within the SSA District (see map below) to understand what services you love, where additional support is needed, and what ideas you have for future initiatives. The outreach process will include coffee chats with SSA businesses and property owners, community-wide meetings, educational input brochures, a needs assessment survey, and project website: http://rpba.org/ssa-19-renewal/

2020 Process Overview

FEBRUARY - MAY
Start-up + Feasibility
Funding + Visioning
Project Website
